Governor Blunt Pushes Priorities as the End of Session Nears

As the end of session nears, Governor Blunt is working to push several priorities through the legislature. One priority is the partial sale of the MOHELA assets which will fund higher education projects, the second priority is ethanol requirements for gasoline, followed by eminent domain reform. [Read more...](#)

Consortium Furthers Life Sciences in Missouri

The Governor, further supporting the biotechnology industry, has begun forming a consortium loosely named the Plant Output Trait Group. The Group, formed as part of the Governor's Advisory Council on Plant Biotechnology, is helping to attract life sciences businesses and organizations from around the nation to assist in boosting Missouri's economy.

Eminent Domain Passes Senate

With an overwhelming majority vote, the Senate passed House Bill 1944. House Bill 1944 reforms current eminent domain language to prevent abuses to the system, and now must be returned to the House to vote on the compromise reached in the Senate. [Read more...](#)

Senate Passes MOHELA Spending Plan

Early Tuesday morning, the Missouri Senate passed their version of the MOHELA sale allocations. Under the \$472 million Senate version, \$300 million will be allocated towards capital improvement projects with the remainder going towards health care projects and initiatives. The Senate's plan is different from the House of Representatives plan, and the legislature must come to an agreement by May 5th. [Read more...](#)

Export Growth Benefits Missouri Companies

The United States Department of Commerce's Commercial Service Kansas City U.S. Export Assistance Center recognized Missouri's substantial growth in the export industry. In 2005, Missouri exports set record breaking numbers with \$10.5 billion of Missouri goods filtering into the global market. In addition, the recently negotiated Central American Free Trade Agreement (CAFTA-DR), which includes Costa Rica, Honduras, Guatemala, El Salvador, Nicaragua and the Dominican Republic, will further Missouri's export industry and opportunities. Certified Trade Mission to Vietnam

The World Trade Center Saint Louis in cooperation with the Missouri Department of Economic Development and the U.S. Commercial Service is organizing a Certified Trade Mission to Vietnam and India in August. Each participant will receive pre-qualified and pre-arranged one-on-one meetings with agents, distributors, and/or other prospective business partners in Hanoi, Ho Chi Minh City, New Delhi, and Mumbai. In addition, all delegates will attend special networking receptions in both Vietnam and India.

The deadline for the Certified Trade Mission is next week. [Read more...](#)

Top Global Projects in 2005

Where did the biggest global projects go in 2005? Site Selection magazine tallies the results and among 115 top investment projects, Asia (including China) claimed 30 percent of the largest projects, with China claiming 14 percent on its own. In the new jobs ranking, Asia was also competitive, but Eastern Europe (including Russia) took 32 percent; Western Europe and Asia captured 20 percent each of the 164 major projects.

Midwest Consumer Price Index Rises

Energy, transportation and apparel prices drove up the Midwest Consumer Price Index in March to 192, up from 190.7 in February and 186.3 one year ago. Energy prices increased 2.3 percent from February and transportation prices rose 2.2 percent in the same time period. Apparel prices increased 5 percent from February but decreased 3.9 percent from March 2005. The index number means that a typical market basket of goods and services in the Midwest that cost \$100 in the 1982-84 base years cost \$192 in March.

Director Steinhoff to Participate in University Symposium on Technology Transfer

May 30th - 31st, Washington University will be hosting the 21st Century Science Foundation for Innovation Symposium to discuss ways to "translate discoveries into business."

Governor Matt Blunt and Barry Marshall, recipient of the 2005 Nobel Prize in physiology or medicine, will be serving as keynote speakers during the event. Department of Economic Development Director Greg Steinhoff will moderate the keynote panel during the symposium with other panel discussions taking place throughout the 2-day event.

"I applaud Chancellor Wrighton for recognizing the importance of higher education's role in developing technologies that can be transferred into successful businesses," said Director Steinhoff. "Education helps spur innovation, which is the key to keep Missouri's economy competitive." [Read more...](#)

Governor Blunt Pleased with Passage of Eminent Domain

Gov. Matt Blunt commended the Missouri General Assembly for passing a tough bill to prevent abuse of eminent domain laws, one of his top legislative priorities for the year. "This legislation achieves my twin goals of protecting the rights of responsible property owners and the rights of local communities to remove damaged or neglected properties," Blunt said. "I thank the General Assembly for acting so quickly on my

recommendations to protect Missourians from abuse of eminent domain laws when no clear public interest exists." [Read more...](#)

Missouri Jobs on the Rise; Unemployment Rates Continue to Dip

Missouri continues to add jobs across the state and has reached 47,700 new jobs since January 2005 under Gov. Blunt's administration. The state's unemployment rate stands below the national average (of 4.7 percent) and continued on a downward path in March decreasing to 4.5 percent, its lowest since the summer of 2001. The March seasonally-adjusted unemployment rate is three-tenths of a point lower than it was in February and a full point lower than in March 2005. Missouri stands fourth nationwide in the over-the-year change of unemployment rates, maintaining the status of a job producing state. [Read more...](#)

Missouri Per Capita Personal Income Grows Faster than Nation

Missouri per capita personal income increased by 4.7% to \$31,899 in 2005 according to preliminary estimates from the U. S. Bureau of Economic Analysis. This was slightly faster than the U.S. increase of 4.6% that brought the national average to \$34,586. [Read more...](#)

FedEx Will Expand Indianapolis Hub

FedEx Corp. has announced a major expansion of its hub at the Indianapolis International Airport. The project will create 800 jobs and increase capacity by 30 percent, from 75,000 packages per hour to 99,000 packages per hour. The expansion is expected to be completed by

December 2008. [Read more...](#)

UPS to Expand Rockford Hub

Atlanta-based United Parcel Service Inc. is planning to increase its sorting capacity and add 100 new jobs within the next two years, with a total of 200 new jobs in the next three years. The \$25 million project will outfit the interior of the Chicago/Rockford International Airport facility with additional sorting equipment to increase sorting capability from 82,000 packages per hour to 121,000 packages per hour. Blunt Continues to Support Life Sciences Efforts

Since taking office in 2004, Governor Blunt has continued in his commitment to the state's economic development efforts by supporting innovative new research and technologies. While the Lewis and Clark Discovery Initiative was delayed in the

legislature, Governor Blunt believes that this session laid the groundwork necessary to support upcoming efforts to boost Missouri's life sciences industry. [Read more...](#)

World Wide Technology Inc. Named Nation's Largest Black-owned Firm

According to *Black Enterprise* magazine's annual survey, World Wide Technology Inc. has been recognized as the nation's top-grossing black-owned business. World Wide Technology Inc., based in St. Louis, has an estimated 620 employees and \$1.85 billion in revenue. [Read more...](#)

Columbia Recognized by *Forbes* as one of the Best Small Places for Business

Columbia, Missouri, with a population of 152, 800, is ranked 16th in the Best Small Places for Business by *Forbes*. More notably, Columbia ranked 6th overall for educational attainment by share of population over age 25 with a bachelor's degree or higher. [Read more...](#)

Governor Blunt Shows Support to Small Businesses

Governor Blunt, in his State of the State address, called for legislation designed to provide cost efficient health insurance for small businesses. Answering the call was Representative Jay Wasson (R-Nixa) who created House Bill 1827, which allows small businesses to pull together to provide cost efficient health insurance to employees. House Bill 1827 received overwhelming support in the legislature and encouragement from the Department of Economic Development. The bill is currently receiving a thorough technical analysis as preparation for a signature by Governor Blunt. [Read more...](#)

for Adult and Experiential Learning. The State of Missouri Department of Economic Development, Division of Workforce Development serves as the Grant Recipient for this \$15 million USDOL grant award. The State of Missouri and the State of Kansas jointly applied for this competitive award to support bi-state economic and workforce development initiatives in the 18 county regions.

Veterans Appreciation Day

Each spring the Disabled American Veterans Organization sponsors a Veterans Appreciation Day in Kirksville that draws veterans and dependants from the Northeast Missouri region. This well-attended 15th annual event, held last month, was an opportunity for Veterans Service Organizations and other interested providers to interact with veterans on a personal level. Present for this year's activities were 26 groups, local politicians and state political leaders including State Representative Bob Behnen and family, pictured here with Ron Hockman, the Local Veterans Employment Representative from the Kirksville Missouri Career Center.

K.C. Port Authority Receives Funds for Richards-Gebaur Site

The Kansas City Port Authority has been awarded two grants totaling \$400,000 from the Environmental Protection Agency (EPA) to clean up the former Richards-Gebaur Memorial Airport site. As soon as the sale of the site to the Port Authority is approved by the Federal Aviation Administration, the Port Authority plans to sell the property to CenterPoint Properties Trust for developing a 1,400-acre industrial park. GLOBAL NEWS

Supreme Court Rejects Cuno Case

The Supreme Court made a unanimous decision last week to reject the Cuno vs. DaimlerChrysler case, barring taxpayers from Ohio and Michigan from challenging the constitutionality of the Ohio tax credits. Chief Justice John Roberts wrote that the plaintiffs failed to demonstrate they'd been harmed, and they contradicted each other when it came to claims that the corporate tax breaks rob the state's treasury and shift the tax burden to individuals.

Honda Plans Georgia Expansion and New Auto Plant

Japanese automaker, Honda Motor Co., is planning to expand its operations in Georgia with a \$50 million project, adding 40 jobs and bringing total employment at the Georgia facility to 440. The company will expand its U. S. engine, transmission and powertrain component production and is also looking to build a new auto plant in the Midwest. Honda's sixth North American plant will begin production in 2008 and will increase production from 1.4 million to 1.6 million units in North America. [Read more...](#)

Shipping Company Could Receive \$3.6M for Expansion

Maersk Inc. could receive as much as \$3.6 million in North Carolina Job Development Investment Grants funding to assist with its \$60 million, 254-job expansion and relocation of its Charlotte operations. The company plans to buy the Royal Sun Alliance building in southern Charlotte, which consists of 40 acres of land and 345,000 square feet of office space. The

254 initial new jobs are expected to pay an average salary of \$49,000 annually.
